

WOK & KARAHI

Chinese and Indian/Pakistani, on the same table

100% Zabihah halal · Top 10 Halal Restaurants · Delivery, setup and full service

Catering (408) 393-6716

TRAYS

Buffet-style, half or full. The usual answer for parties and gatherings.

BOXES

Individually boxed and labelled. Offices, distributions and handouts.

PLATED

Per-person, served to the table. Weddings and formal dinners.

HOW MUCH FOOD DO I NEED?

A half tray feeds 8–10 and a full tray 18–20 when it is the only dish. With a mixed spread you need fewer than you would think — more variety splits the same food across more dishes, it does not add to it. Roughly one full tray per ten guests at a varied buffet.
